1841.

**RESOLUTION** requiring the Secretary of State to compile and print, once in every two years, a Register of all Officers and Agents, civil, military, and naval, in the service of the United States.

*Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled,* That, once in two years, a Register, containing correct lists of all the officers and agents, civil, military, and naval, in the service of the United States, made up to the last day of September of each year in which a new Congress is to assemble, be compiled and printed, under the direction of the Secretary for the Department of State. And, to enable him to form such Register, he, for his own Department, and the Heads of the other Departments, respectively, shall, in due time, cause such lists as aforesaid, of all officers and agents, in their respective Départments, including clerks, cadets, and midshipmen, to be made and lodged in the Office of the Department of State. And the said lists shall exhibit the amount of compensation, pay, and emoluments, allowed to each officer, agent, clerk, cadet, and midshipman, the State or country in which he was born, and where employed.

2. *Resolve,* That the Secretary of the Navy subjoin to the list of the persons employed in his Department, the names, force, and condition, of all the ships and vessels belonging to the United States, and when and where built.

3. *Resolved,* That five hundred copies of the said Register be printed; and that, on the first Monday in January, in each year when a new Congress shall be assembled, there be delivered to the President, the Vice President, each Head of a Department, each member of the Senate and House of Representatives of the United States, one copy of such Register; and to the Secretary of the Senate, and Clerk of the House of Representatives, each ten copies, for the use of the respective Houses; that twenty-five copies shall be deposited in the Library of the United States, at the Seat of Government, to be used like other books in that Library; and that the residue of the said copies be disposed of in such manner as Congress shall, from time to time, direct.

**RESOLUTION** respecting the Biennial Register.

*Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled,* That, in addition to the matter heretofore contained in the Biennial Register, published by direction of a joint resolution, passed on the twenty-seventh of April, one thousand eight hundred and sixteen, there shall be included a correct list in the next Register, of all printers of the laws of the United States, subsequent to the thirtieth of September, one thousand eight hundred and thirty-one, to the thirtieth of September, one thousand eight hundred and thirty-three, with the compensation allowed to each; and of all printers within the period aforesaid, in any way employed by Congress, or by any Department or officer of the Government, with the compensation allowed to each, designating the Department or officer causing the printing to be executed; and that said Register shall contain a correct statement of all allowances made by the Postmaster General, within the period last aforesaid, to each contractor on contracts for carrying the mail, discriminating the sum paid as stipulated by the original contract, and the sum as additional allowance. And to enable the Secretary of State to comply with this resolution, the several Heads of Departments, and officers directing or incurring the expense, or making the allowance mentioned, shall cause the lists, and the matter thereby required to be added, to be lodged in the office of the Department of State, as is directed in other cases, by the resolution of April twenty-seventh, one thousand eight hundred and sixteen.

\* *Note by the Collector.*—The compensation for a year was requested ; but inasmuch as all the officers but one have been appointed only about two months, I can give only the compensation during that time, and have so stated it in the return. The reason why I am unable from the books of the office to ascertain the compensation of our predecessors is, that all the account-books and fee-books being considered private property, have been removed from the office, and the former collector has himself removed from town.

\* The accounts of the Marine Hospital Physician have not yet been returned from the Treasury, where they were sent for adjustment, except the 4th quarter for 1840. I have, therefore, put the gross amount of his quarterly accounts as rendered by him. They are, by an order of the Treasury, subject to a deduction, which, I presume, will be made at the Treasury. I have extended only the amount paid the regular clerk, as the compensation is not made up of fees or commissions. The amount paid to others, during sickness and absence of the regular incumbent, was \$144.—*Collector.*
